most

MR. SUTHERLAND TO THE FORE.

Much to the astonishment of almost every body who knows him, after an extraordinary silence in the debating room, and a conspicuous abstention from the division lists, the name of Sutherland has been heard from. And apparently he has come to the conclusion, judging by the vigor of his sentiments, that mind, if not power, has an inferior quantity. We have not been told that Mr. Sutherland was very bold, but we can gather from the official debate, that he was very ferocious and very foolish. His whole conduct was given up in indignation to spasmodic bursts of grief at the sufferings to be imposed by a cruel and obdurate Finance Minister upon the farmers of the North-West. Some of our readers have heard Mr. Hugh Sutherland "orate." They will readily appreciate the burning eloquence through the medium of which he retailed the wrongs of the down-trodden farmers of the Brandon District, great majority of whom have, for a long time, looked to their member for the fulfilment of his anti-slavery promises, and wondered whence have fled the army of the delegates which infected the county during the late Dominion contest. With the success of the scheme for the misrepresentation of the county, vanished Mr. G. M. Wilson, the county enterprises promised on behalf of Mr. Sutherland, and the army of supernumeraries promised for the common. With that, also, the voice and influence of the electors of the county in such shabby and selfish affairs of the Dominion as affected their personal interests, disappeared firmly in the House of Commons—so that the members for Sutherland as Mr. A. W. Rice is the motto for Rice—Mr. J. Sutherland took a most remarkably back seat. In spite of our interests he was dumb as the animal created by Esauism, until, in an evil moment, like his prototype, "he opened his mouth and spake." According to all accounts, like a certain journalist who, through Sir Richard Cartwright's eye-glasses was, by certain human devices, induced to see "the black flag of piracy" in the Conservative banner, Mr. Sutherland has become suddenly awakened to the merits of Yankee manufacturers, and the necessity of having them protected against the Canadian manufactures. Loud and long he declaimed against the inequity of a tariff which enabled the people of his constituency to deal with their brethren in the older provinces, and with a vehemence only equalled by its vulgarity, he represented to an astonished audience of the representatives of the people of Canada, that it was good for them to be robbed—to send their money abroad to sustain the people of a foreign nation—to purchase furnish funds for a bad and dynamic conspiracy. People here in Mr. Hugh Sutherland were continuously only laugh at his absurd attempts to pose as their champion, while they knew that at the same time he has not only broken every promise upon which he secured his election, but that actually, at the time when he is making false promises here, negotiating to cut the throat of the only genuine Manitoba railway here was Mr. Sutherland may imagine that he makes a very handsome hobby horse, and Mr. Blake may recount him at his will—when the Grt leader would but get the critics a little whipped, he might pass for a steady-going animal. But we must certainly object to any such assumption as that Mr. Sutherland represents the political sentiments or the indignation of the people of this constituency. We do not pretend to be as the Cots say, "wiser than he able to cease into a millstone so far as it is pecked," but if ever there was a man who acted as the agent and special counsel for American manufacturers and their agents, it is Mr. Hugh Sutherland. We demand for Siskirk. To show without any lengthy process of argument, how correct the position assumed by the Finance Minister, we have taken the trouble to reproduce a criticism of the representative of a leading man of American manufacturers' agents. It will be seen that the protective duty imposed on the national policy tariff does not, by his own admission, threaten higher prices to the consumer, and that this gentleman is indeed unwelcome to the wisdom of the Finance Minister. We have no doubt whatever that the motto of those who, like Mr. Sutherland, Mr. Tupper, and others, cry so lustily "Canada for the Americans," will in a short time be a laughing of the past, and only remembered as a scolded inscription on the Grt banners.

Mr. Shillingham who is putting up Mr. Sutherland's building corner of Frances and York streets, has undertaken to compile the Grt furniture watercourse by a week on Monday.

The Choir organ in its course of last evening says: "We feel deeply grateful for our local contemporary's stretch of condemnation this morning. The will it kindly keep stretched." Since our little friend has arrived at the sage conclusion that actually has a contemporary, we have no objection to keep our condemnation stretched. In fact, we may stretch it farther than may conduce to the comfort of our contemporary in Prairie.

THE PORTAGE is a Prairie Tribune likes to remark: "The Brandon Sun says it is the best printed paper in the province," and then it proceeds to sarcastically remark "Whether hard on the Province we think." It cheek will answer the purpose of a Scott's perfecting press. It is just possible that the Sun is all that it imagines itself to be.

We have received in exchange a copy of the Minnesota Tribune, a tidy sheet, which bears evidence of both mechanical skill and editorial ability. It is published by Mr. Gibbens, pioneer of the Rapid City Standard, and we have no doubt it will succeed as it deserves.

We find the following in Mr. Sifton's organ—"How Mr. Sifton purposes going somewhat extensively into farming operations this year. In addition to his section near the city, which he has had for some time, he has purchased 430 acres in section 21, township 8, range 18, and between the two will have about

LICHTER.

# TO SUBSCRIBERS.

The proprietors of the MAIL desire to state that they have made arrangements with the publisher of the "Nor West Farmer" to club the journal and the Weekly Mail for the low price of \$2.50 in advance per year. This is an offer which no doubt farmers will appreciate as it gives them the best agricultural paper in the country as well as the best weekly in Western Manitoba, at a subscription very little in advance of that of one of them.

## The Brandon Daily Mail.

TUESDAY, APRIL 24 1883

### BRANDON BUDGET.

Mr. Brown went down Winnipeg yesterday.

Mr. West moved into his new shop today.

The steamer expects to start from here to Winnipeg next week.

There were but a very few passengers for Winnipeg today.

The ice in the river is nearly all broken up, and is slowly moving out.

There is hardly any strain in the First street bridge on account of the ice being so soft.

Mr. John Shields, at Brandon, has been appointed agent of the Cochrane Manufacturing Company, at Moose Jaw.

Mr. R. Caldwell, representing the firm of H. Howell & Co., Montreal, is in the city after the interests of that firm.

Mr. Acton Andrews, of the Stockton farm, is in the city bringing out an immense quantity of machinery for farming operation.

Some of our golden youth occasionally meet and indulge in an innocent game of La Crosse. They intend attempting to become adepts in the profession.

Mr. Archibald McIntyre, of H. J. Woodhouse's watch-making establishment, Portage, went to Minneapolis yesterday with the view of starting a branch in that town.

We are told that the proprietors of the Royal Hotel are about to retire from public life, having had an eligible offer for the goodwill of their business.

The first boat of the season started today down the river, and the start was made to try and fish up the cable on the ferry which had been broken by the ice and blown flat down.

An innocent looking youth while strolling down River yesterday afternoon nearly got knocked down by a running team. He couldn't see why he should not walk the centre of the street unharmed.

The Winnipeg Times of Saturday, says:—"Mr. Wm. Brown, of the C.P.R., has been appointed assistant superintendent, with headquarters at Winnipeg, and will have charge of the Brandon, Stonewall, Pembina Mountains, Rat Portage and Pembina Sections."

We are pleased to learn that Dr. D. Dufresne who has arrived here a few days ago, has decided to stay permanently in Brandon to practice his art. The doctor bears with him the highest recommendations. He has visited the principal hospitals in France and Italy, and has a profound experience as well of Medicine as of Surgery.

**A Disgrace to Civilization.**

How Citizens are Dragged off to the Small-Pox Hospital and Treated while there.

Archibald, Howell & Vivian, write to the Winnipeg council: "We are instructed by Mr. D. A. Tullock—who was a patient treated at the small-pox hospital last winter—to take proceedings against the city for damages occasioned by the grossly bad treatment received by him at the hospital. His health is permanently injured by the treatment, at least so he claims. If his account be true, and it seems to be corroborated by other evidence, the treatment of him and the other patients at that hospital would be a disgrace to civilization. Chained to his bed like a criminal, half starved, neglected entirely by nurses and deprived of such of the very commonest requirements of the sick, he dragged through a long illness and found himself with a broken constitution. Let us remind you that he did not go there by choice, but was compelled to go there by your officials. If something is not done to him at once, we are instructed to issue a writ."

**IMMIGRATION.**

The Rush to the Northwest on the Inconceivable.

The Various Roads Taxed to the Utmost.

St. Paul, April 22.—Immigration travel was again very large yesterday, every train arriving being heavily loaded. With few exceptions close connections were made and all left St. Paul by night fall. The Manitoba trains were particularly large, and it is estimated that this road alone yesterday took out over two thousand passengers, crowding nearly fifty cars. This company is now running four daily through trains, and for a week past the rush to the Northwest has been so great that extra coaches had to be put on each train. Both the Milwaukee and Omaha road supply the Manitoba with eastern passengers, and the influx from Chicago and the Eastern States has been considerable. Officials of all roads centering in St. Paul have been receiving letters of inquiry from all sections of the country since the weather first broke, and a further large immigration is expected. The Omaha yesterday had two special carrying several hundred persons and each of the through regular trains has 125 aboard. In addition to a number of heavily laden baggage cars the Minneapolis & St. Louis brought 175 passengers and twenty-three cars of immigrant movables. The Northern Pacific has had its quota both of passengers and freight, and during the week has taken out 400 car-loads for Dakota and Montana.

**ARRIVAL.** C. H. Scott, of the firm of Scott & Pothier, just returned from Eastern markets, has brought with him a great quantity of choice goods such as Black & Colored Silks, Broadcloth, Hosiery, and other goods, which he will sell at a low price. He is also a dealer in fine Thread, Buttons, and a host of other goods. Ladies are invited to inspect our stock.

# Choice Farm for Sale.

THE east half of section 7, township 7, range 17, near Souris City. This is a syndicate half section. Two payments have been made the Co. Purchaser has made three years to do the settlement duties. The land is clear one, and can be had at a bargain. Apply by letter to W. C. Hamilton, Barrister, Regina.

## BOOT & SHOE STOCK FOR SALE.

On Friday, the 27th April, there will be sold by auction, on the premises, corner Eighth and River Avenue, Brandon, the whole stock of Boots and Shoes, Shop Fixtures, Etc., at so much on the dollar. Terms, third cash, third in three or six months on approved notes. This is a first-class chance for party starting in the business, as the stand is one of the best, and large of premises can be had at moderate rental.
